

S.J. DELIVERY SERVICE PRIVACY POLICY

Protecting Your Information

We understand the importance of our customers' privacy. We treat all customer information as private. We do not sell any information we obtain to third parties and we do not share information about companies or deliveries with other customers.

Information We Collect and How We May Use It

We collect and keep information about every delivery we make to efficiently service our customers. Examples of information that we collect include names, addresses, email addresses, credit card numbers and telephone numbers. We never sell information to third parties or share any information about our customers or deliveries with other customers or clients. We use information about customers and deliveries to set prices, for billing purposes, government regulations, and improve our service to customers. We also may use this information to communicate with our customers about our products and services. For the previous listed purposes, we may contract with vendors to assist us in processing that information for business purposes. These vendors are required to maintain the confidentiality of the information and are restricted from using the information for any other purpose.

Security and Integrity of Information

We treat customer information as assets that must be protected against loss and unauthorized access. We employ information security techniques to appropriately protect confidential information from unauthorized access by users inside and outside the company. Access to customer information is limited to employees who have a legitimate business need for that information.

Retention of Customer Information

We retain information about customers as necessary for business purposes and as required by government regulation. For example, we retain information about deliveries, including names and addresses, so that we can provide proof of delivery information and to process claim requests. We carefully dispose of records and delete information that is not necessary to retain.

IP Addresses

Our web site collects IP addresses when quote submission are delivered via email. An IP address is a number that is automatically assigned to a computer whenever it is connected to the Internet.

Consent to Emails from S.J. Delivery Service

We may send email communications about products, services and special offers to customers and others. Each email we send for marketing purposes enables recipients to opt out of receiving further marketing emails from us.

Assent

Your use of S.J. Delivery Service is your assent to the S.J. Delivery Service Privacy Policy. We reserve the right, at our discretion, to modify, add, or remove portions of this policy at any time by posting the revised policy at our Web Site. You should check our site periodically for changes.

Contacting Us

If you have questions about this privacy statement or the practices of our company, please contact us at (408) 594-5490.
